

O'Malley & Associates Shines as Diamond Sponsor

With a donation of \$50,000, O'Malley & Associates Charitable Foundation led the way as a Diamond Sponsor for this year's Ball de Fleur, joining with other sponsors to underwrite the event. "I believe in the Mission of the Alexian Brothers," says Managing Partner, Michael K. O'Malley, who is a long-time member of the Alexian Brothers Foundation Board. "Since I began working with the Brothers several years ago, I've learned quite a bit about them and their history, and I've been able to watch them from a distance and see them live and breathe their core values. They put people before profit, and that is very rare."

O'Malley says the Alexian Brothers' core value of partnership is one that his company also embraces. "The Alexian Brothers Hospital Network has come a long way in the last couple of years in recruiting specialists that are the best of the best and partnering with other organizations and business leaders that have strengths in particular areas in order to better serve the

community. If they continue to broaden their horizons, their future looks bright," says O'Malley, who launched O'Malley & Associates in 2005 after a long and distinguished career with MetLife.

Headquartered in Downer's Grove, O'Malley & Associates is a comprehensive financial services organization delivering the highest level of care to its clients utilizing a OneTeam approach – a partnership of nationally recognized leaders in business planning and executive benefits, employee benefits, financial planning, estate planning, investments, insurance and retirement planning. "Our firm is very passionate about leveraging the strengths of people for the benefit of the businesses and individuals we serve," says O'Malley.

"Mike continues to generously support the Alexian Brothers through his philanthropic contributions, as well as with his time and energy," says Mark Frey, CEO, Alexian Brothers Hospital Network, "and we are especially grateful to him for showing outstanding leadership as a Diamond Sponsor of this year's Ball de Fleur."

"The Alexian Brothers Hospital Network has come a long way in the last couple of years in recruiting specialists that are the best of the best and partnering with other organizations and business leaders that have strengths in particular areas in order to better serve the community. If they continue to broaden their horizons, their future looks bright."

Mike O'Malley

The Alexian Brothers Foundation wishes to publicly apologize for the omission of certain names in our Stewardship Report. It is with sincere regret that we forgot to list the following donors for their generosity.
